CD Out Now Enjoy Your Voice Sing For Joy Find Inner Peace

<http://singchronicity.net>

Yes...we made it! The much talked and long awaited **CD** is now available from my equally promised **NEW WEBSITE**. What a mammoth effort this has been, pulling all of this together. Special thanks to my wife, Kerrie for being so patient and understanding. I would not have been able to do it without her support.

I have been blessed to work with a brilliant team of professionals, as follows: Cover, Insert & Logo Design & Layout by Tim Nilsen Graphic Design Mob 0407214863; photograph courtesy of www.seanscottphotography.com.au Arrangement, Recording & Production by Brian Sutton of www.musicandlyrics.net.au

Additional vocals by Brian Sutton, Leanne Conoley & Susannah Lathlean have made this recording something special! Thank you to you all! I couldn't have done this without you.

To coincide with the launch of the CD, I have been working with Herrin Larkan from <http://efectiveclassywebsites.com> to build a website that is ready for you go to and have a look and a listen to samples from the new CD at <http://singchronicity.net>

None of this would have come about within this timeframe if it weren't for the incredible momentum created as a result of being taught some very practical and easy to follow tips by **Paul Blackburn** at his **Mental Toolbox Workshop Weekend** that Kerrie and I attended in February and a **Blockage Buster Workshop** in April this year. If you are a bit stuck, we can both recommend you check this out at www.TheMentalToolbox.com as you can see what it has done for me! Make sure you claim your discount tickets for just \$97 by entering your unique code, which is 'JR4128'

To top this off I have recently been advised that the first song I wrote using my new MAC - **"LOVE"** has been awarded **Runner Up International Song of the Year December 2007**.

Listen to the full song at <http://singchronicity.net>

Now that the hard work is over (or has it just begun?) Kerrie & I are going to take a well earned break at a lovely hideaway in Mapleton.

No computer (I promise!)

It will be nice to get away and enjoy the crisp clean air of the rainforest in winter...Brrrrr! There are some great events coming up for July, so check them out and indulge yourselves!
