Singing Helps Spirits Soar!

Science verifies what we already know! It's now official! 'Singing Helps Spirits Soar!' An international study of more than 1000 singers in Australia, Germany and the United Kingdom has revealed that the majority of people who sing in choirs enjoy above average levels of psychological health and well-being. Professor Don Stewart, head of Griffith University's School of Public Health, said "Some of the benefits of choral singing were likely to be related to the social support and mental stimulation offered by a regular commitment to rehearsals and performances. He said singing also involves deep, controlled breathing and focused concentration which counteracts anxiety and blocks preoccupation with sources of worry."

QPAC Choir Family Concert

As you may be aware, I have joined this choir & invite you to come and celebrate Christmas with a special family concert featuring guest star **Rachel Beck**, the **Queensland Pops Orchestra** and the massed voices of the new QPAC Choir - formed especially for this series of concerts. **Christmas in Concert** features a joyful program of carols, songs and yuletide music. Conducted by **Barrie Gott** and featuring over 100 musicians and singers on stage, come ready to sing along to your favourite carols and experience an uplifting program of Christmas music and song. This year's Christmas concerts have been specially designed for the

Playhouse stage (due to the Concert Hall undergoing renovations).

Christmas Break

This newsletter covers what I know of for Nov/Dec&Jan as I will be taking a well-earned break over the holiday season. There is not a lot scheduled over the break, as most presenters & performers take time out anyway, so you shouldn't miss out.

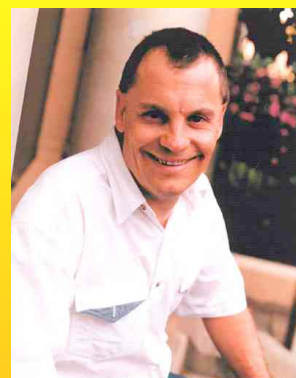

I am still very happy to receive emails about coming events...I might want to go to them too! You can keep in touch with what is happening by keeping an eye out for any new information posted to the website @

<http://singchronicity.net> Make sure you pay particular attention to the **News** page and the **Upcoming Events** list on the left hand panel of the home page. If I hear of

something so irresistible that I just **have** to let you know, I will send out a brief email to go and check the website.

The year that was & the year that will be!

This year has been a big year with the release of a new CD, the Relaxation Center relocation causing me to try some new venues & the beginnings of some exciting new collaborations. Thank you all for your support! Next year brings new ventures, with more collaborations (singing with pastel painting, Feldenkrais & Essential Oils to name but a few!) I will be trying some new venues like Ahimsa House, so stay tuned. I look forward to seeing you in the new year! Have a great one!

Vajra Sky over Tibet with Tibetan snacks & music by Tenzing Choegyral

Sun 09 November 6pm

The J, 60 Noosa Drive The Junction

Vajra Sky Over Tibet is a cinematic pilgrimage bearing witness to the indomitable faith of Tibet's Buddhist community and the ultimate threat to its very survival. This is one of the rare documentaries to be filmed entirely inside Tibet and has received the blessing and endorsement of The Dalai Lama. This wonderful cultural evening will not only feature the Queensland's premier screening of this beautiful movie and live entertainment by renowned Tibetan Musician Tenzin Choegyral (who just got back from his extensive overseas tour) but also traditional Tibetan food like momos, chai and cake. Furthermore Geshe Tashi Tsering, a senior teacher at Chenrezig Institute who is the patron of 'The Good Fortune Trust', is making a very rare and special appearance to give a talk on the evening.

"A well-photographed inside look at a fascinating culture and its people" –LA Times "The material is so compelling that we keep watching" – **San Francisco Chronicle**

"Astonishingly lovely... As the images unfold and the facts accrete like sand in a mandala, 'Vajra Sky Over Tibet' builds an atmosphere of serene outrage" – **The Boston Globe**
