

Sounds Of Singchronicity - Feb 10

new Year, new Website, new Look & Feel, new Ventures.....

New Year.....

Welcome to an exciting, action packed year that is coming your way. As we see the new year settle in, I am energized to move into new areas....

New Website

🚀 To launch into the new year, I have a **new website** which you can see at singyourvoice.com

It will replace my current website singchronicity.net which I will keep for some time with a re-direction to the new site. **Don't forget to update your internet browsers with the new link.**

🚀 With the new website, comes a new email address john@singyourvoice.com You will need to put this into your email program address book, so it will recognise me as a "safe sender" for future newsletters.

I have made these changes to make Singchronicity more accessible to a broader group of people. Whilst the company name remains the same, the new web address will be easier to remember and highlights what Singchronicity has to offer.

New Look & Feel

🌟 With the new website, I am working to make it more interactive for you. This is likely to be a gradual process over the coming weeks so keep an eye on what is happening! I am looking to create a dynamic experience that will have some static

information, an opportunity for you and I to add to blogs.

🌟 I have included a section where you can put your own stories relating to singing and voice, what it does for you, what you have seen happen for others etc.

🌟 The news page from the old website has changed to separate coming events that I am involved in, from other artist's events that I like to promote.

🌟 I am revisiting how we go about publishing our monthly newsletter, as it is quite time consuming and visually could improve! Currently I publish the newsletter once per month, at the beginning of each month. This means that any events I hear about that are occurring in that month after I have released the newsletter do not get included. I am looking at ways to post these to my new website, as I become aware of them, then somehow collecting them in some way to create a monthly newsletter. This means you can keep up to date in between months, by going to the website or receiving "update notifications" in between times.

🌟 I am also looking at how people might be able to list events directly to the website (subject to moderation of course.)

🌟 To Tweet or not to Tweet?? Follow me on Twitter! <http://twitter.com/singyourvoice>

New Ventures.....

🎵 3 new songs already written for 2010 including Song of the Lark (Download for free at <http://singyourvoice.com/downloads/>)

🎵 The Mixed Beans Project: - Building Multicultural Choral Communities. I am working with a friend to develop an ethnic fusion, fun singing network made up of pods of multicultural community choirs in various locations. Using the same engagement methods and common repertoire for each pod, building the capacity to come together and create a singing explosion as a large choir for special events!

🎵 See what else 2010 has to offer you overleaf!

Coming Events

John Will Be Appearing At The Following Events

Sing Your Voice – Workshop.

Sunday 14 February 2.00PM to 5.00PM

Relaxation Centre – 15 South Pine Rd Alderley

The theme for this workshop is “Sing Your Voice”. The focus for this workshop is getting your voice to sing! You may have heard it do this before....then again, you may not have! The workshop will allow you to tune out from external influences and pressures and enable you to tune in to your heart to discover your true inner voice in a safe, caring and fun environment. When you do this, you will discover (or rediscover) a beautiful voice that lives inside you. If you love to sing, or if you dearly want to be able to sing, or just to be able to speak with confidence, then this will help you to get there by being present in yourself and in the moment. No experience is necessary and people who believe they can't sing are especially encouraged to come along and enjoy the fun. Your investment is \$35 for this wonderful event.

Ph 3856 3733 to book in.
